

Section 1: Number Sense

Student Exercise: Halve a Number

We have 12 cookies.

We eat **half** of them.

Now we have 6 cookies.

$$12 - 6 = 6$$

Now do these.

You have 6 chocolates.
How many do you have now?

You eat half of them.
Draw a picture?

Answer chocolates.

There are 10 bears in a shop.

Half of them are sold.

How many are left?

Answer bears.
